EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Pursuant to MPEP 606.01 the **Title** is changed to read:

**---- SYSTEM AND METHOD FOR EVALUATING CHARACTERS IN AN INPUTTED
SEARCH STRING AGAINST A CHARACTER TABLE BANK COMPRISING A
PREDETERMINED NUMBER OF COLUMNS THAT CORRESPOND TO A
PLURALITY OF PRE-DETERMINED CANDIDATE CHARACTER SETS IN ORDER
TO PROVIDE ENHANCED FULL TEXT SEARCH ----**

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The present invention is directed to method for comparing each character of a textual message associated with an undetermined language to predetermined candidate character sets, more specifically if the language of the message is unknown, then the system parses each character of the accepted message and evaluates each character against candidate character sets corresponding to various languages so as to identify character sets that can express that message.

The newly cited art Chan,Ning-Ping et al. is directed to translingual translation of query and search and retrieval of multilingual, more specifically translates intelligently and standardized keyword or query input by the user in a source language into the target language, further performs the function of dialectally standardizing the content word/words extracted from the input query [page 5].

Ricardo Baeza-Yates et al. directed to text searching, more specifically state of the search generating don't care symbols, the complement of a symbol, and any finite class of symbols, further string matching, empirical results show that the new algorithm compares with Mnuth-Morris-Paratt algorithm for any pattern length and the other algorithm for shot patterns [BM algorithm] see page 74-75.

Art Unit: 2166

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
